Exhibit 99.1**Central European Distribution Corporation Closes 85% Purchase of Russia's Number One Premium Vodka Brand, Parliament; Raises Full Year Guidance**

Bala Cynwyd, Pennsylvania, March 13, 2008 – Central European Distribution Corporation (Nasdaq – CEDC) today announced that on March 13, 2008 it closed its acquisition of an 85% interest in Copecresto Enterprises Limited, which owns various production and distribution assets including the Parliament vodka trademarks in Russia and abroad. The total consideration for the acquisition is \$180,335,257 in cash, and 2,238,806 million shares of common stock of CEDC, of which \$15 million in cash and 250,000 shares are deferred pending the closing of certain subsequent fixed asset purchase transactions. The cash component of the purchase price is financed through a combination of the proceeds from CEDC's recent \$310 million Convertible Notes offering and existing cash.

William Carey, President and CEO, commented: "We firmly believe that this closing marks the beginning of a new era in our development in one of the fastest growing spirit markets in the world. We are excited to begin work with the management team of Parliament to continue to develop the Parliament vodka brand locally and internationally as well as targeting new imported wine and spirit agency business to leverage Parliament's sales force."

William Carey, continued: "As a result of closing this transaction, we are raising our full year 2008 net sales guidance from \$1.30-\$1.40 billion to \$1.42-\$1.52 billion and our full year comparable fully diluted earnings per share guidance from \$2.08-\$2.18 to \$2.25-\$2.40."

Sergey Kupriyanov, Vice-President and CEO of Parliament Group, commented: "On behalf of the shareholders and management of the Parliament Group we are confident that CEDC's decision to develop its business in Russia, one of the leading global spirit markets was the proper one. The dynamic growth of the premium Russian spirits market over the past few years was driven not only by higher consumer demand for products such as ours, but also supported by a favorable and stable legislative environment."

Sergey Kupriyanov, Vice-President and CEO of Parliament Group, continued: "Parliament owns one of the widest and strongest distribution systems in Russia which provides a platform for the development of other brands as well. The marketing, financial and managerial experience that CEDC is contributing to the Parliament business will accelerate its dynamic development in and outside of Russia. The Parliament Group management's knowledge and understanding of the Russian spirit market will be a important asset for CEDC to support the further development of the Company in a consolidating Russian market"

Renaissance Capital acted as financial advisor for the transaction.

CEDC has included fully diluted net income per share guidance on a non-GAAP basis, referred to in this release as comparable fully diluted earnings per share. CEDC's management believes that the non-GAAP reporting giving effect to the adjustments shown in the reconciliation set forth below provides meaningful information and an alternative presentation useful to investors' understanding of CEDC's core operating results and trends. CEDC discusses guidance on a comparable basis in order to give investors better insight into underlying business trends from continuing operations. CEDC's calculation of these measures may not be the same as similarly named measures presented by other companies. These measures are not presented as an alternative to net income computed in accordance with GAAP as a performance measure, and you should not place undue reliance on such measures. A reconciliation of GAAP to non-GAAP
