

Olympic Entertainment Group has renewed the license of the largest casino in Poland

On September 24th a new operational license was issued to Olympic Entertainment Group casino in Warsaw five-star Hilton hotel. Renewed operational license insures OEG long-term activity on a Polish market, where a number of licenses is limited. There will be no additional licenses issued in Warsaw district.

Olympic Casino Sunrise is Poland's largest casino, in a 1500 square meter gaming establishment one can try his luck on 90 slot machines and 20 game tables. In addition there is a wide-area bar operating in a casino. Olympic Casino Sunrise is located in Warsaw's most modern and luxurious Hilton hotel, which complex also includes city's largest conference and recreating centre.
