**3 Segment information**

For management purposes, the Group is organized into business units based on the services provided, and has four reportable operating segments: aircraft maintenance, repair and overhaul (MRO); aircraft ground handling and fuelling; pilot and crew training and unallocated segment. The unallocated sales include sales of management services, which cannot be attributed to the other segments. The management assesses the performance of the Group based on measure of Gross Profit.

Transfer prices between business segments are set on an arm's length basis in a manner similar to transactions with third parties. Segment revenue, segment cost of sales and segment gross profit include transfers between business segments. Those transfers are eliminated in consolidation.

**3 Segment information (continued)**

The following table present sales to external customers, costs of sales and gross profit information according to the Group's business segments for the three-month period ended 31 March 2013:

	Aircraft maintenance, repair and overhaul (MRO)	Aircraft ground handling and fuelling	Pilot and crew training	Unallocated	Inter-segment eliminations	Total continuing operations
