FOREWORD BY THE CHAIRMAN OF THE MANAGEMENT BOARD

Dear Shareholders,

Few financial years have started off with so much activity in the history of Warimpex as 2013. Our first highlight came in January in the form of the sale of our stake in the angelo hotel in Munich and an adjacent piece of development property to our joint venture partner UBM. The Company is thus continuing in the vein of its sale of the InterContinental hotel in Warsaw at the end of 2012. A total of three projects were also concluded successfully. Le Palais Office in Warsaw opened in February, and the first phase of Airport City St. Petersburg – a joint venture with CA Immo and UBM – was fully let out to a subsidiary of Gazprom. In March, the Palais Hansen Kempinski hotel in Vienna, a joint project with Strauss & Partner Development, Wiener Städtische Versicherung and Wien Holding, opened its doors.

In terms of capital measures, we floated a bond in Poland and then, in response to explicit investor interest, immediately followed this with a convertible bond, generating total proceeds of around EUR 21.8 million. At the same time, we reached an agreement with Russian Sberbank on the refinancing of a EUR 37 million loan for our two hotels at Ekaterinburg international airport (the four-star angelo hotel and the three-star Liner Hotel). This reduced our current liabilities from nearly EUR 80 million as of 31 December 2012 to around EUR 36 million as of 31 March 2013. The capital measures and the refinancing underscore our strategy of focusing on our core business by increasing cash flows from hotel operations and optimizing our financing structure by selling equity interests and refinancing existing liabilities.

The performance of the hotels remained relatively constant in the first quarter, and we saw a slight improvement of roughly 2 per cent taking the joint ventures into account. All in all, there were no major differences between the individual markets. In the Development & Asset Management segment, we are now seeing the inflow of rental revenue from Airport City St. Petersburg.

In a very encouraging development that can be primarily attributed to the sale of our stake in the angelo hotel in Munich, EBITDA, our most important operating metric, more than doubled compared with the first quarter of 2012 to reach EUR 2.1 million. The fact that hotel revenues are generally the lowest in the first quarter of the year combined with constant expenses and scheduled write-downs led to a negative comprehensive income for the period amounting to minus EUR 4.3 million. This must be seen in light of the fact that hotel revenues are generally around a third higher in the two subsequent quarters than in the first quarter and that the results for the fourth quarter have also been considerably better than those for the beginning of the year in recent financial years. Therefore, based on the solid operating result, one can assume that the result for the first quarter will be improved upon, just like in previous years. The strong result for the comparison quarter in 2012 was distorted by one-off effects in the form of write-ups on loans, which did not take place this year.

What are we planning in 2013?

In project development, our focus is on the completion of Airport City St. Petersburg. Specifically the third office tower, called Zeppelin with 15,000 square metres of space, for which the shell has already been built. A letter of intent has already been signed with a renowned company for rental. In Budapest, we are starting the modernization of the second office tower in the Erzsebet complex. A potential tenant has already been lined up here, as well. We are expecting to conclude the sale of our buyback option for Le Palais Office in Warsaw, and further transactions are being negotiated.

Thanks to the good results for 2012 and the many positive developments in the first quarter, we are on a very good path for 2013. I am very much looking forward to seeing you, esteemed shareholders, at our Annual General Meeting on 19 June 2013.

INVESTOR RELATIONS

After closing 2012 at EUR 0.97 and PLN 3.90, the share price rose considerably in the first quarter of 2013. The closing price on 31 March 2013 was PLN 5.28 and EUR 1.26.

Since our IPO, we have maintained an open and proactive communication policy with our investors. Warimpex participated in investor conferences in Zürs and Warsaw in 2013.

In the first quarter of 2013, Warimpex placed a bond and a convertible bond on the Polish capital market. The issue proceeds of roughly EUR 21.8 million are earmarked for the refinancing of existing obligations and for bolstering the Company's financing structure, and will also provide the necessary flexibility to seize investment opportunities under the current market conditions and to finance future development projects. The focus in this will be on the second construction phase of Airport City in St. Petersburg and on the conversion of an office building in Budapest.

Hotel portfolio (number of rooms adjusted for proportionate share of ownership) as of 31 March 2013

The decrease in the number of rooms by 39 in annual comparison from 3,462 to 3,423 can be attributed to the sale of the 50 per cent stake in the angelo hotel in Munich, which was offset in part by the opening of the Kempinski hotel in Vienna in March 2013.

GROUP MANAGEMENT REPORT

for the period from 1 January to 31 March 2013

ECONOMIC ENVIRONMENT

In May 2013 (European Economic Forecast, Spring 2013), the European Commission lowered its economic forecasts for 2012 and 2013, in part considerably, compared with its projections from autumn 2012 (European Economic Forecast, Autumn 2012). The Eurozone economy is now estimated to have contracted by 0.6 per cent in 2012 (autumn 2012 projection: contraction of 0.4 per cent), and is expected to contract by 0.4 per cent (growth of 0.1 per cent) in 2013 and to expand again by 1.2 per cent (1.4 per cent) in 2014. While significant decreases in economic output are predicted for Southern Europe and Slovenia, the outlook for Germany, Austria and CEE is more positive.

MARKETS

POLAND

Existing portfolio: 6 hotels, 1 office property

Warimpex has been a 50 per cent leaseholder of the five-star InterContinental in Warsaw since December 2012.

Warimpex and UBM developed the hotel together, and each most recently held 50 per cent of the hotel with its 414 rooms. Warimpex and UBM sold the hotel to WestInvest InterSelect, a retail real estate fund of Germany's DekaBank group, at the end of December 2012.

A lease was concluded between the purchaser and a subsidiary of Warimpex and UBM, under which it will lease the hotel back at a fixed rate and continue to run the establishment under the brand InterContinental until 2027.

In Krakow, Warimpex has owned the three-star Chopin Hotel since 2006 and has operated the four-star-plus andel's hotel since 2007 (as owner until 2009, and as leaseholder since then). In Łódź, Warimpex opened a further andel's hotel in June 2009; in March 2010, the first angelo hotel in Poland (a joint venture with UBM) opened in Katowice. In Międzyzdroje on the Baltic coast, Warimpex owns the Amber Baltic spa resort hotel.

The occupancy rate at the InterContinental hotel rose to 73 per cent (1–3 2012: 70 per cent), but the average room rate in euros decreased slightly. The andel's hotel in Łódź achieved an occupancy rate of 55 per cent (1–3 2012: 55 per cent), and the average room rate in euros fell slightly. The occupancy rate at the Chopin Hotel fell from 46 per cent to 37 per cent due to renovation work, but the average room rate in euros rose by around 10 per cent. At the andel's hotel in Krakow, the occupancy rate increased slightly (1–3 2013: 57 per cent, 1–3 2012: 56 per cent), and the average room rate rose marginally. The occupancy rate at the Amber Baltic beachfront resort came in at 21 per cent (1–3 2012: 25 per cent), and the average room rate remained stable. Due to its location on the Baltic coast, occupancy rates at this hotel are subject to stronger seasonal fluctuations, and cannot be compared with those of city hotels.

In addition to the hotels listed above, Warimpex owns 50 per cent of the Parkur Tower office building in Warsaw, roughly 90 per cent of which is rented out.

Under development: 2 office buildings

At the end of 2010, Warimpex sold a project company in Warsaw that converted one of the few historic buildings in the city into a modern office building (the Prozna project). Warimpex has undertaken to complete the project as a developer. In December 2012, Warimpex was involved in the signing of preliminary agreements for the sale of the buyback option for the property to the IVG Warsaw fund. The Le Palais office building in Warsaw was successfully completed and opened in the reporting period. The deal is expected to close in the summer of 2013. The sales contract is still pending subject to the fulfilment of the standard closing prerequisites for such real estate transactions in Poland.

An office building that is owned by Warimpex in Krakow is also to be modernized. The building permit was issued in July 2010. Warimpex owns a development property in Białystok. The sale of this development project is planned.

CZECH REPUBLIC

Existing portfolio: 7 hotels

In Prague, Warimpex owns the two five-star hotels Palace and Le Palais. In the four-star segment, it owns the Diplomat Hotel, the Savoy and the angelo hotels in Prague and Plzeň. Warimpex also consolidates the Dvořák spa hotel in Karlovy Vary according to IAS/IFRS. At the end of 2011, Golden Tulip (part of the Louvre/Starwood Capital Group) was appointed as the new manager of Savoy Hotel.

In the reporting period, the four-star Diplomat Hotel and angelo hotel in Prague achieved occupancy rates of 58 and 49 per cent (1–3 2012: 53 and 50 per cent), respectively; the average room rates increased slightly at both establishments. Occupancy at the Golden Tulip Savoy hotel came to 38 per cent (1–3 2012: 30 per cent), and the average room rate also rose slightly. In the five-star segment, occupancy rates ranged between 37 and 31 per cent (1–3 2012: 37 and 27 per cent). The average room rates in euros were increased slightly. At the Dvořák spa hotel in Karlovy Vary, the occupancy rate was 74 per cent (1–3 2012: 72 per cent). The average room rate improved by around 10 per cent. Occupancy at the angelo hotel in Plzeň improved from 39 to 42 per cent, and the average room rate was also higher.

HUNGARY

Existing portfolio: 3 office properties

In Budapest, Warimpex owns the Erzsebet, Dioszegi and Sajka office buildings, which together have a total net floor space of around 17,000 square metres.

The Dioszegi office building has roughly 800 square metres of lettable space, 100 per cent of which is occupied. Sajka office building with its approximately 600 square metres of lettable space is partially rented out.

Of the two towers in the Erzsebet office complex, tower B was completely renovated and handed over to the tenant in May 2009. It was completely rented out in the reporting period. A tenant was found for tower A. There are also plans to modernize this tower and to let it out under a long-term lease.

ROMANIA

Existing portfolio: 1 hotel

The angelo Airporthotel in Bucharest, which Warimpex acquired in 2007 and expanded by 69 rooms in 2008 along with adapting it to the angelo design, saw an occupancy rate of 41 per cent (1–3 2012: 45 per cent). The average room rate in euros was up slightly.

GERMANY

Existing portfolio: 1 hotel

Warimpex held 50 per cent of the andel's hotel in Berlin during the reporting period. In January 2013, Warimpex sold its stake in the angelo hotel in Munich and an adjacent piece of property to its joint venture partner.

Occupancy at the andel's hotel in Berlin was 63 per cent (1–3 2012: 60 per cent). The average room rate also rose slightly.

Under development: 1 conference centre

A piece of land adjacent to the andel's hotel in Berlin was purchased in 2009 for the development of a conference centre and commercial and residential space. Planning for this project is under way.

FRANCE**Existing portfolio: 2 hotels**

In Paris, Warimpex and its partner UBM are the joint leaseholders of the four-star Dream Castle Hotel and the four-star Magic Circus at Disneyland® Resort Paris, each of which have about 400 rooms. The occupancy rates at the hotels came to 63 and 57 per cent (1–3 2012: 52 and 45 per cent). The average room rate increased moderately at one hotel and fell slightly at the other.

AUSTRIA**Existing portfolio: 1 hotel including apartments**

In Vienna, Warimpex is a partner in the project company behind Palais Hansen, a high-end hotel and residential property on the city's Ring boulevard, together with Wiener Städtische Versicherung/Vienna Insurance Group and Strauss & Partner. The Palais Hansen Kempinski Vienna hotel, Warimpex's first project in Austria, was opened in March 2013. A large share of the apartments has been sold.

RUSSIA**Existing portfolio: 3 hotels, 1 office building**

In Russia, Warimpex holds 60 per cent of the Liner Hotel and the angelo hotel at Koltsovo airport in Ekaterinburg. The angelo hotel Ekaterinburg, which has a direct link to the new terminals, was opened in 2009. In St. Petersburg, Warimpex holds 55 per cent of Airport City St. Petersburg. In the first phase of the project, a four-star Crowne Plaza hotel (InterContinental Hotel Group) and an office building with 17,000 square metres of lettable space were opened at the end of December 2011. Airport City St. Petersburg was and is being developed by OAO AVIELEN A.G. in a joint venture with CA Immo and UBM and is directly next to Pulkovo 2 international airport. It is the first premium-class business centre in the region and is a key infrastructure project in the growing economic centre of St. Petersburg.

While the Liner Hotel continued to enjoy very satisfactory occupancy in the reporting period, occupancy at the more expensive angelo fell from 50 per cent to 45 per cent, though the average room rate in euros was up by more than 15 per cent. The newly opened Crowne Plaza at Airport City St. Petersburg has already established itself on the market and achieved 69 per cent occupancy (1–3 2012: 25 per cent). An occupancy rate of 100 per cent was achieved for the two completed office buildings in St. Petersburg (Jupiter 1 and 2).

Under development: 1 office building

The shell of a second office building that will have 15,000 square metres of lettable space has also been completed at Airport City. It is planned to finish this office tower in 2014.

ASSETS, FINANCIAL POSITION AND EARNINGS SITUATION

Due to seasonal effects, revenues are generally the lowest in the first quarter of the year, and are not representative of the development of revenues for the full year. In contrast, the second and third quarters generally show the best revenues.

Development of revenues

Consolidated sales revenues fell by 5 per cent to EUR 13.1 million. Sales revenues from hotel operations decreased by 3 per cent from EUR 12.2 million in the first three months of 2012 to EUR 11.9 million. This slight decline can primarily be attributed to lower revenues in Łódź and Krakow. Revenues from the rental of offices and the provision of development services fell from EUR 1.6 million to EUR 1.2 million, primarily due to the completion of the Le Palais office building in Warsaw.

Segment reporting*

(*For more information, see the detailed comments in [04] Segment information in the Notes)

The Warimpex Group has defined the segments Hotels & Resorts and Development & Asset Management. The joint ventures that are recognized using the equity method in the consolidated financial statements are included in the segment report using the proportionate consolidation method. The Hotels & Resorts segment is comparable with the hotels and/or hotel rooms held by the Group as consolidated entities in the reporting year (with the joint ventures recognized on a proportionate basis). The Development & Asset Management segment contains profits resulting from the letting of investment property and profits from the sale of real estate.

Hotels & Resorts segment

in EUR '000	1-3/2013	1-3/2012
Revenues for the Group	22,051	21,670
Average number of hotel rooms for the Group	3,477	3,616
Group NOP	4,601	4,848

Sales revenues from hotels grew at a marginally higher rate in the reporting period than in 2012. The average number of available rooms decreased due to the sale of the stake in the angelo in Munich.

The net operating profit (NOP, which corresponds to the gross operating profit [GOP] calculated according to the Uniform System of Accounts for the Lodging Industry less costs after GOP) fell by 5 per cent to EUR 4.6 million due to the sale of the hotel in Munich and a lack of currency gains.

Development & Asset Management segment

in EUR '000	1-3/2013	1-3/2012
Revenues for the Group	2,346	1,820
Gains from the sale of project companies	1,589	319
Segment EBITDA	893	-406

Revenues in the Development & Asset Management segment rose by 29 per cent from EUR 1.8 million to EUR 2.3 million. This improvement can primarily be attributed to rental revenue from Airport City St. Petersburg, which offset lower development revenue.

The results in this segment depend heavily on the sale of real estate holdings (share deals) and properties (asset deals) and are subject to significant fluctuation in year-on-year terms and during the year.

Earnings situation

Warimpex recognizes its tangible non-current assets at cost minus depreciation, and does not recognize any increases in the value of its real estate assets in the profit and loss account. Any such value increases are not recognized until the asset is actually sold. As a result, earnings are highly dependent on the sale of properties and fluctuate significantly.

A stake in the angelo hotel in Munich and an adjacent development property were sold during the reporting period. This transaction generated a profit contribution of EUR 1.6 million. The purchase price adjustment for the sale of the joint venture share in Louvre Hotels took place in the comparison quarter of 2011, and earnings of EUR 0.3 million were posted.

EBITDA – EBIT

Compared with the first quarter of 2012, earnings before interest, tax, depreciation and amortization (EBITDA) rose from EUR 0.9 million to EUR 2.1 million, and the operating result (EBIT) improved from minus EUR 1.5 million to EUR 0.1 million. This increase can be attributed to higher profit contributions from property sales.

Financial result

The financial result fell from plus EUR 1.7 million to minus EUR 4.2 million due to the negative result from joint ventures, which was caused by a lack of write-ups on loans.

Profit for the period

The result for the first quarter came in at minus EUR 4.4 million (1–3 2012: EUR 0.3 million)

Cash flow

The cash flow from operations fell from plus EUR 1.1 million to minus EUR 1.5 million.

OUTLOOK

The following property is classified as held for short-term sale. It is planned to sell it by the end of 2013:

- Hotel Palace, Prague: The sale is planned and is currently under preparation.

The following development projects are currently under construction:

- Airport City, St. Petersburg, business park and an additional 15,000 square metres of office space
- Erszebet office tower II, Budapest, 8,000 square metres of office space

Under the current market conditions, in particular given the poor access to project financing, we intend in 2013 to continue our focus on strengthening the Company's foundation and increasing cash flows from hotel operations, as well as on optimizing our financing structure by selling equity holdings and refinancing existing liabilities.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

[01] Corporate information

Warimpex Finanz- und Beteiligungs AG (the Company) is registered with the Commercial Court of Vienna under the registration number FN 78485 w. The Company's registered address is Floridsdorfer Hauptstrasse 1, A-1210 Vienna, Austria.

[02] Basis for preparation

The interim consolidated financial statements for the period ended 31 March 2013 have been prepared in accordance with IAS 34. Interim financial statements do not contain all information and notes included in annual financial statements; they should therefore be read in conjunction with the consolidated financial statements as of 31 December 2012.

The interim consolidated financial statements as of 31 March 2013 were not audited and were not reviewed by an independent financial auditor.

The accounting and valuation methods applied in preparing the interim consolidated financial statements as of 31 March 2013 have remained unchanged from the consolidated financial statements as of 31 December 2012.

With respect to the changes effective under IFRS as of 1 January 2013 and their effects, please refer to the details stated in the consolidated annual financial statements as of 31 December 2012.

By their very nature, interim consolidated financial statements are based on estimates to a greater extent than annual consolidated financial statements. In addition to the principal estimation uncertainties identified in the consolidated annual statements (valuation of property, plant and equipment, plant under construction, investment properties and deferred tax assets), the interim financial statements are affected by estimation uncertainties resulting from the timing of asset impairments or write-ups.

[03] Seasonal fluctuations in results

Owing to seasonal fluctuations in tourism, in particular city tourism, earnings contributions from hotel properties are generally higher in the second half of the year. By contrast, no determinable pattern can be identified with regard to contributions from the sale of properties, subsidiaries or business combinations.
